

Hydropeptide Nimni Cream
Patented Collagen Support Complex
1.7oz | 50ml

ABOUT THIS PRODUCT

Discover Nimni™ Technology and significantly improve the appearance of skin fullness and elasticity. Appropriate for skin that is not sensitive, especially those with expression lines and concerns with wrinkles and/or loss of facial volume.

BENEFITS:

- Combines dr. Marcel Nimni's revolutionary research on collagen with time release retinol to rejuvenate skin and lessen the look of fine lines and wrinkles
- Help improve skin's fullness and elasticity.
- Helps to optimize collagen production through an exclusive, patented amino acid complex.

DIRECTION FOR USE:

- Apply a small amount to a clean face and neck at night. Carefully avoid eye and the corner of the eyes. Begin use twice a week and then increase frequency as tolerated.
- * Do not use retinol product if you are pregnant or nursing, taking prescription acne medication, or in conjunction with waxing, chemical peels or resurfacing procedures. Always use a high broad spectrum sunscreen when using this product.

KEY INGREDIENTS

ACTION

Nimni Patented Support Complex	Collagen-Optimizer - Patented blend of amino acids and sulfur donors to augment the production of collagen protein
Time-Release Retinol	Collagen-Booster & Skin Resurfacer - Supports healthy collagen production to improve skin's fullness and elasticity while resurfacing skin for a more even tone and texture.
SYN®-TC Neodermyl®	Structural Integrity Peptides - Peptide complexes that assist in improving structural integrity to fight against skin sagging and encourage a firmer, plumper appearance.
Ellagi-C™	Collagen Booster - A bark extract that encourages collagen synthesis to diminish the look of lines and wrinkles.
Enhanced Penetration Complex	Skin Penetrators - A novel blend of carriers that enhance delivery of actives through the skin barrier.
Antioxidant Complex	Anti Oxidants - A combination of Vitamin C (BV-OSC), Tocopherol and other key antioxidants that help stimulate and support healthy collagen.
