

HydroPeptide Honey Tri-Zyme Peel Regenerating Exfoliator Pro Solutions

What it is: A gentle, yet effective peel that works to smooth texture and reduce the appearance of fine lines and wrinkles.

- Helps to reduce the appearance of fine lines and wrinkles
- Softens rough texture
- Helps fade hyperpigmentation
- Nourishes skin for a healthy glow

Why it's unique/Why we love it:

This powerful honey peel is formulated with a specialized blend of mushroom, pumpkin and protease enzymes plus raw honey and natural alpha hydroxy acids to perfectly resurface, hydrate and smooth skin. Papaya and honey extracts whisk away dead cells and infuse skin with powerful antioxidants and polyphenols that nourish, protect and brighten.

Who it's for: Suitable for all skin types, especially those with rough, dull or aging skin.

How to use it: Apply a thin layer to clean skin. Leave on 7-10 minutes. Remove with a warm steamed towel or cotton 4x4s.

Available Sizes: Deluxe Sample 0.25 FL OZ (7 mL) | Professional Size 4 FL OZ (118 mL)

Key Formulated Ingredients:

AC Protease Complex	Exfoliants	Gently breaks down the bonds between dead skin cells to encourage healthy cell turnover.
Mushroom Enzymes Pumpkin Enzymes	Exfoliants	Gently dissolves dead skin cells to improve cell turnover for a more radiant complexion.
ACB Fruit Mix + Phytic Acid	Exfoliants	A combination of bilberry, sugarcane, orange, lemon and maple extracts that support additional cell turnover via this natural source of AHAs.
Honey	Humectant	Pure raw honey provides skin conditioning benefits as a natural humectant while gently exfoliating the skin.
Actiphyte® Complex	Antioxidant & Anti-Irritant Blend	A blend of papaya and honey extracts helps slough off dead cells from skin surface while providing a rich source of antioxidants and polyphenols to nourish and protect the skin as well as providing brightening and anti-irritant benefits.
