

HydroPeptide Soothing Serum

Redness Repair & Relief

Anti-Wrinkle + Sensitive Collection

What it is: Formulated with calming peptides and a botanical stem cell extract that helps to reduce the appearance of redness while comforting sensitive or irritated skin.

- Helps to reduce the appearance of fine lines and wrinkles
- Helps reduce visible redness
- Restores balance and hydration
- Detoxifies and builds skin defenses

Who it's for: Appropriate for all skin types, especially sensitive, visibly red, irritated and aging skin. Recommended after mild resurfacing procedures.

How to use it: Apply a small amount to a clean face and neck. May be used AM & PM. Follow with appropriate moisturizer and sunscreen.

Available Sizes: Retail Size 1 FL OZ (30 mL) | Professional Size 4 FL OZ (118.29 mL)

Key Formulated Ingredients:

SYN®-TACKS	Structural Integrity Peptides	Peptide complexes that assist in improving structural integrity to fight against skin sagging and encourage a firmer, plumper appearance.
Telangyn™	Anti-Redness Peptide	Helps to reduce the appearance of facial redness.
Neutrazen™ Arnica Chamomile	Anti-Irritants	Helps to calm sensitive, irritated skin.
Diffuporine®	Hydration Balancing Peptide	Helps to balance hydration in the skin to minimize transepidermal water loss.
Resistem™	Detoxifying Botanical Stem Cell Extract	Restores skin's defenses, reduces micro-inflammation and redness, evening-out the complexion and enhancing skin's translucency and radiance
Hyaluronic Acid Shea Butter	Hydration & Barrier Reinforcement	Helps attract and retain hydration.
