

**Diblanc Prestige Cream**  
**Herbal Moisturiser For Deep Wrinkles And Dryness**  
**1.69oz | 50ml**

**ABOUT THIS PRODUCT**

Pamper skin with a dense cream that's packed with highly skin-nourishing ingredients. It gives you intense hydration, but it also soothes it with that healing and repair at the same time maintaining its natural balance.

It has amazing penetrative properties that allow it to deeply infuse the skin with moisture, while helping the skin retain this moisture for longer periods of time. Skin appear to be younger, healthier and firmer.

**BENEFITS:**

- A nutrient-packed moisturizer
- Works double duty to strengthen the skin barrier while adding long-lasting hydration.
- Reduce water evaporation from skin, maintains a balance of its natural oil and moisture content.
- Effectively soothes and calm any troubled areas
- Relieves skin stress and protects skin from outside threats such as pollution
- Amazing anti-inflammatory products that facilitate the repair of skin
- Using herbs as strong stimulant for the production of collagen by the skin
- Perfect for the healing and strengthening of sensitive skin
- Skin is nourished and appear to be healthier, firmer and more radiant.

**DIRECTIONS FOR USE:**

After cleansing, toning and using treatment products, dispense the cream into the palm of the hand. Smooth or pat over skin, until fully absorbed. Follow with SPF during the day or use it as your last skincare step at night.

**KEY INGREDIENTS**

**ACTION**

Glycine Soja

- A natural skin firming emollient and moisturiser derived from soybean, packed with amino acids and is rich in protein, minerals and vitamins, especially vitamin E.

Glycyrrhiza Glabra

- Soothe and calm skin, anti-redness and anti-inflammatory

Squalane

- Maintains skin's moisture barrier and hydration

Adenosine

- Powerful anti-aging and skin soothing properties to stimulate the production of collagen, reduce and prevent wrinkles
